AMP Capital QFII licence renewed for an indefinite period

AMP Capital Investors Limited (AMP Capital), the responsible entity for the AMP Capital China Growth Fund, today announced the China Securities Regulatory Commission (CSRC) had extended its Qualified Foreign Institutional Investor (QFII) licence for an indefinite period.

The CSRC first granted AMP Capital a four year QFII licence in April 2006. The licence enables AMP Capital to invest in China A shares listed on the Shanghai and Shenzhen stock exchanges.
